

2018-19 Charter SELPA Steering Meetings

Participants:

A Steering representative has direct oversight over the day-to-day special education operations of the charter school. The representative is designated by the CEO for each charter LEA member. Organization partners, who operate more than one charter school, may have a single representative for all schools operated. Participation by charter LEAs at steering meetings is strongly encouraged.

Meeting Information:

In an effort to support local regionalized professional learning networks and needs, we have regionalized Steering meetings. Steering meetings are now being offered in the Sacramento, Bay Area, Los Angeles, and San Diego area. The SELPA encourages physical attendance at these meetings. There will also be online steering meetings throughout the year. Below is the schedule for the 2018-19 year:
