

Q- In the past some schools held the 30 -day IEP in the future, selecting other and writing in 30 Day IEP, rather than holding them as an amendment to the current IEP. Now that the transition occurred from CASEMIS to CALPADS, they are getting an errors stating they have to pick a meeting type for those meetings and interim is of course not a choice. What can the schools do to be able to do to fix this error and not call it an annual or triennial?

**A- For now the Meeting Type 20 will be considered as either Last Annual or Last IEP.
-Per SEIS and CDE**
