Multi-Tiered System of Support (MTSS)

Multi-Tiered Systems of Support (MTSS) is a framework for systematically providing interventions that are proportional to students' needs.

~Excerpt from: Multi-tiered Systems of Support: Recommendations for Elimination of Barriers to Implementation with Fidelity, CDE, Kristi Hagans, Ph.D. and Kristin Powers, Ph.D

MTSS

Features

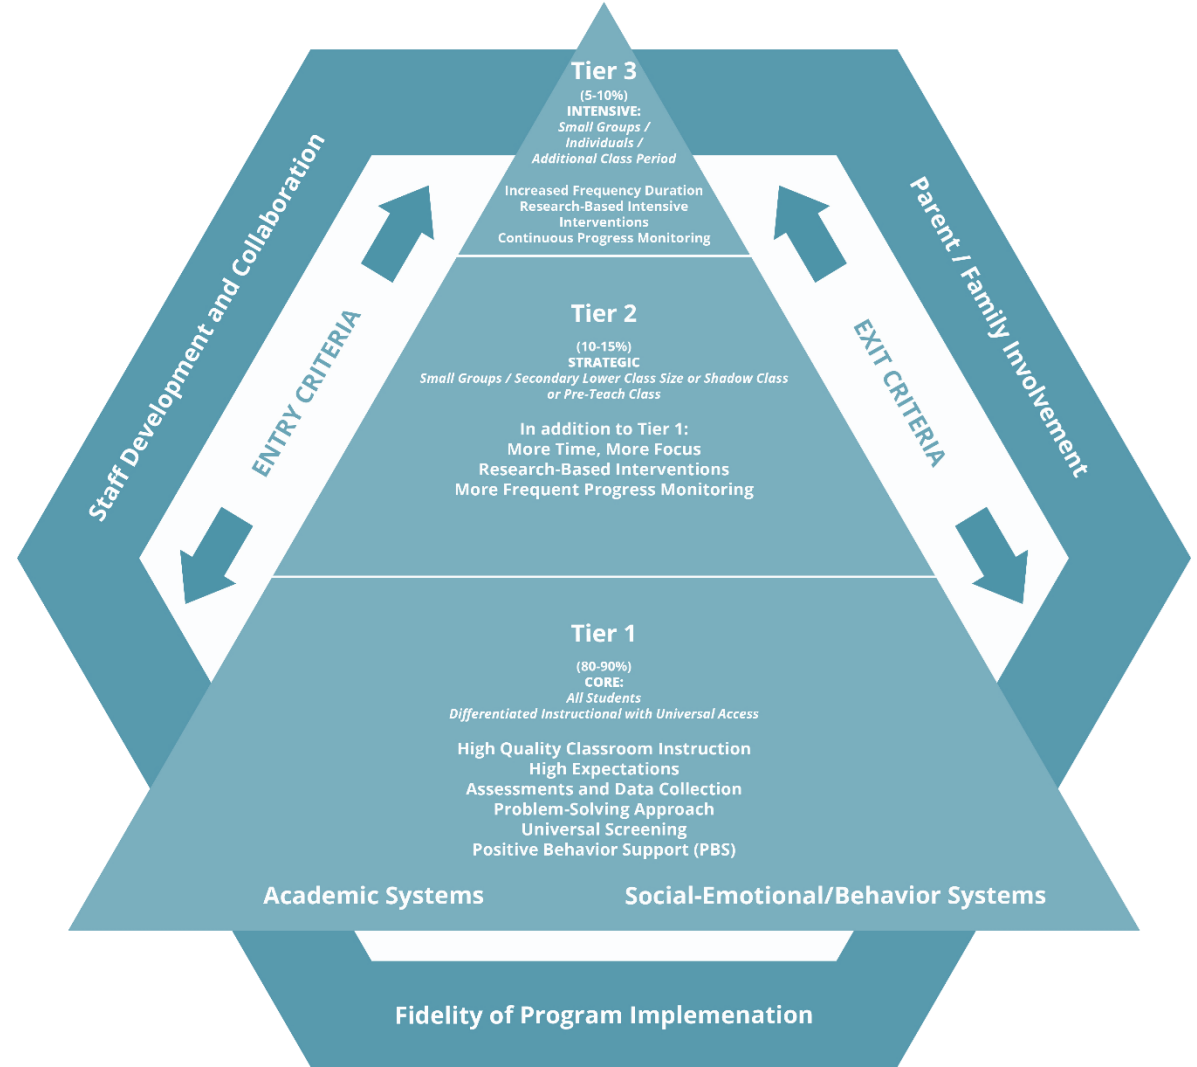

1. Interventions supported by scientifically-based research.
2. Interventions organized along a tiered continuum that increases in intensity (frequency, duration, individualization, specialized supports, etc).
3. Standardized problem-solving protocol for assessment and instructional decision making.
4. Explicit data based decision rules for assessing student progress and making instructional & intervention adjustments.
5. Emphasis on assessing and ensuring implementation integrity.
6. Regular & systematic screening for early identification of students whose performance is not responsive to instruction.

~Excerpt from: Multi-tiered System of Support: Recommendations for Elimination of Barriers to Implementation with Fidelity, CDE, Kristi Hagans, Ph.D. and Kristin Powers, Ph.D.

ERMHS

Assessment

When a student exhibits maladaptive or atypical behaviors.

When a parent/doctor provides information that a student has a mental health disorder.

When should we give an ERMHS Assessment?

When a student has a significant change in behaviors that negatively impact educational performance.

Whenever additional services or a change of placement are being considered due to mental health issues (no prior ERMHS in place).

Note: This is not an exhaustive list of situations in which an ERMHS Assessment should be conducted, just illustrative examples.

What to do when a student with an IEP has been hospitalized and returns to school?

Hold an IEP Meeting in order to:

- Determine if reports are available from the hospitalization and/ or review reports.
- Determine if the supports and services in the IEP will continue to be enough to support this student.
- Assist staff in better understanding student's situation.
- Determine if there new areas of suspected disability that have not been assessed.
- Determine if there are new areas of concern that have not been assessed for goals; BIP revision.

What to do when a General Education student has been hospitalized and returns to school? Or parents request an IEP or services?

Hold a Student Study Team meeting to:

- Determine if reports are available from the hospitalization and/ or review reports.
- Document areas of concern.
- Document areas of suspected disability.
- Lowest risk option: Offer to assess Student for Special Education services/ERMHS Assessment.
- Team may need to also consider emergency behavior intervention supports (outside of IEP) in order to ensure student's ongoing safety at school.

Common Eligibility Categories

Students should have behavioral and/or social-emotional supports within their IEP:

- Emotional Disturbance (ED) Criteria
- Autism (AUT) Criteria

Students may have behavioral and/or social-emotional supports within their IEP:

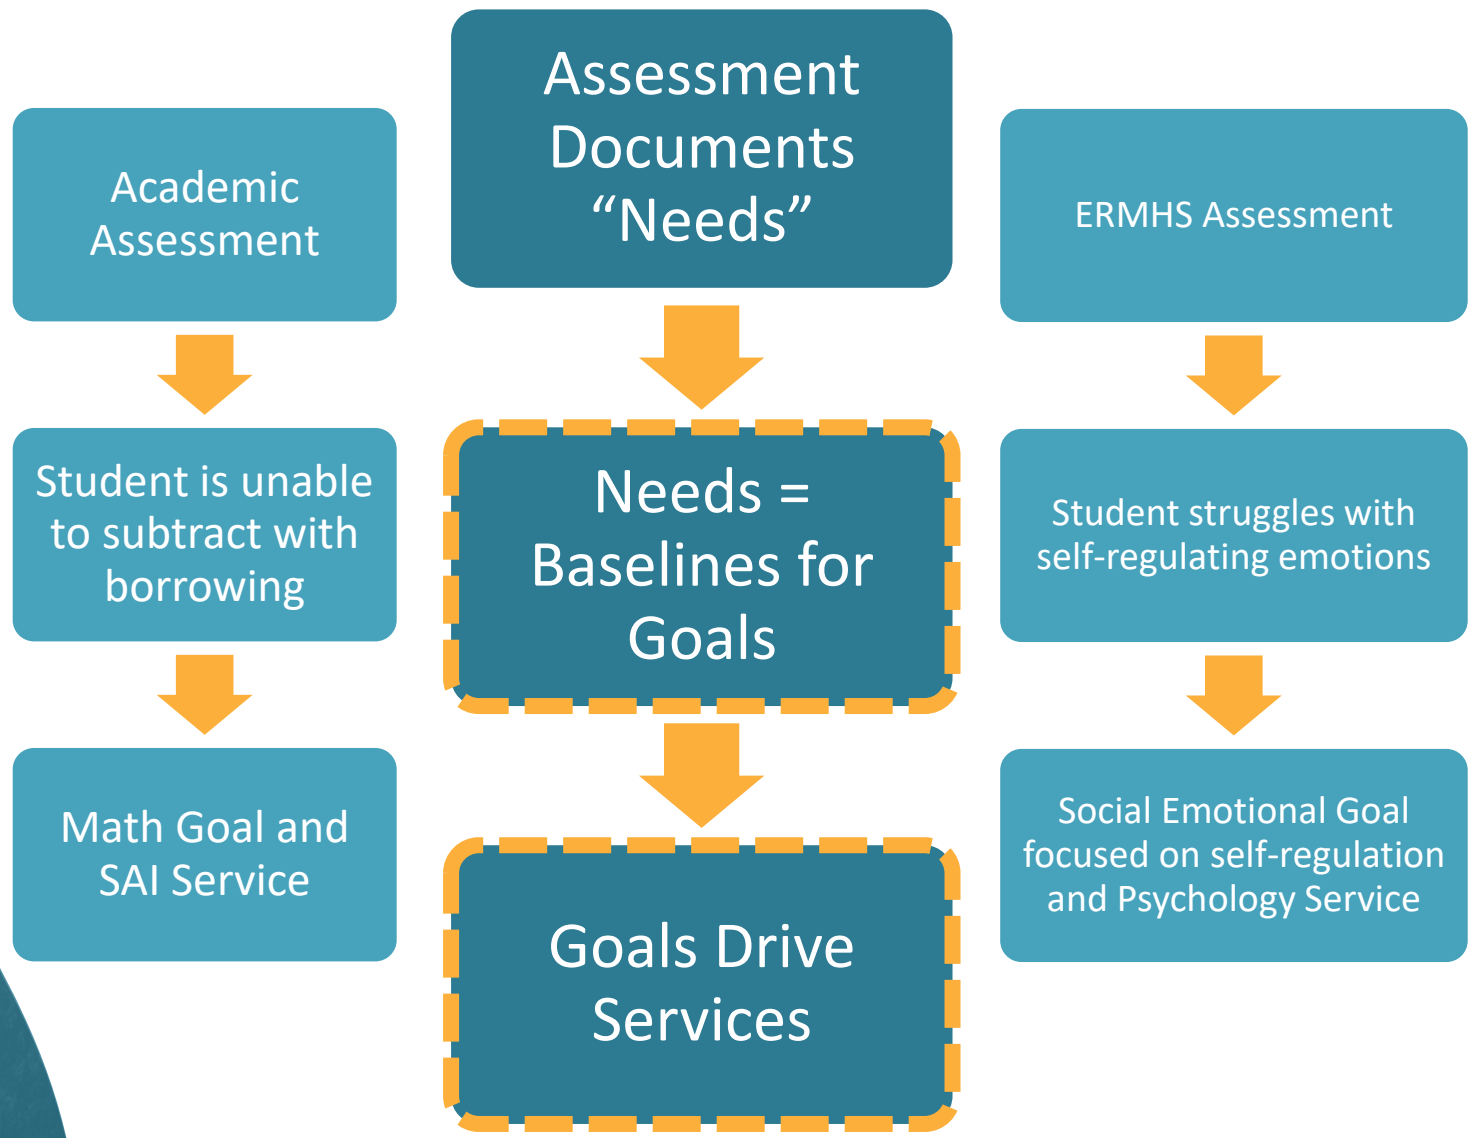

- Other Health Impaired (OHI) related to ADHD
- Specific Learning Disability (SLD) related to attention processing deficits
- Intellectually Disability (ID)

All Other Eligibility: Student's eligibility does not determine services alone; ERMHS assessment needs drive goals and services—however, the more intensive the services, the more intensive eligibility usually follows.

ERMHS

Goals

Why do students need ERMHS Goals?

The IEP must include a statement of measurable annual goals, including academic and functional goals to—

- Meet the child's educational needs that result from his/her disability in order to enable the student to be involved in and make progress in the general curriculum
- Meet each of the child's other educational needs that result from his/her disability.

Important questions to help guide goal development:

- How does the student's mental health disorder/maladaptive behavior manifest educationally?
- How is the student's learning and school performance impacted by mental health challenges?
- How are the student's grades, attendance, behaviors, discipline, relationships, and social involvement impacted?

Related services, including ERMHS, require specific, measurable goals for advancing educational performance.

The slide features a dark teal background with a faint mountain range. On the left, a vertical navigation menu lists various components: Definition, Framework, Assessment, Eligibility, Goals (highlighted in orange), Services & Providers, Compliance, BIPs, Threat Assessment, and LRE. The main content area contains the text 'ERMHS' in large white letters and 'Goals' in orange below it.

ERMHS

Goals

The Fine Balance...

- Mental health is often greater than what is justifiably “educationally-related”
- There may be pressure to write goals that are not tied to education
- Progress towards goals will not always be measurable across different environments (sometimes school progress does not translate to home setting)
- The clearer the baselines, the easier it is to measure progress, but this can be challenging-- useful tips:
 - Use the same tool to build baselines that you will use to monitor progress
 - Goal should be objective and measurable

If the student has a private (outside) counselor/ therapist, it is a good idea to get an “Exchange of Information” form signed by the parents. ERMHS goals should align with the language and/ or tools used in other settings (i.e. using the same coping tools or the same ‘language’).

ERMHS Goal: Ariana

Baseline:

Ariana currently demonstrates clinically significant conduct problems as measured by BASC-2. Teacher observations and data collection indicate she disrupts class (yells out) an average of 5 times per period and has received 9 office referrals this trimester. As a result, she misses critical instructional time and she is currently failing English and Mathematics.

Goal:

By xx date, Ariana will co-develop (with school psychologist and private therapist input) a list of appropriate coping strategies and implement an appropriate coping strategy instead of yelling out in class, as evidenced by reducing class disruptions to 1 (or less) per period and reducing office referrals to less than 2 per trimester.

ERMHS Goal: Jeff

Baseline:

Jeff currently demonstrates clinically significant levels of anxiety as measured by the RCMAS-2. His anxiety results in negative thought patterns that impact his school attendance. Jeff has missed 14 days of school in the last 60 days of school.

Goal:

By xx date, Jeff will identify feelings and thoughts that trigger his anxiety. He will also co-develop (with school psychologist and private therapist input) a list of appropriate cognitive behavioral therapy tools and implement an appropriate tool in order to decrease anxiety and be able to attend school, as evidenced by decreasing absences to only 1 absence per month.

- T** • Time Bound

An increase in attendance and decrease in absences is a tool that the team can easily measure.

ERMHS GOALS

Attainable & Achievable

Present levels are derived from the assessment:

- Rating Scales (direct and indirect)
- Observation
- Interviews
- Data Collection

If you are basing your goals on assessment data and well written present levels, then your goals will be *attainable and achievable*.

Goal Writing Tools

Students who require ERMHS often have difficulty with self-regulation, anxiety, depression, etc. In your resource packet, there are a few examples of tools that can be used when implementing goals with students.

ERMHS GOAL WRITING TOOLS (resource packet p. 25-35):

- The Incredible 5 Point Rating Scale
 - Blank Sample scale
 - High Low scale
 - Stress scale
- Break Before You Burst
- The Anxiety Curve
- Emotional Check in-Check out (levels 1-3)
- Behavior Reflections
- Worry Diary
- Dysfunctional Thought Record
- ...many, many more!

Counseling & Guidance Services

Counseling and guidance services may be provided to an individual with exceptional needs who requires additional counseling and guidance services to supplement the regular guidance and counseling program. The IEP team shall determine the need for additional guidance and counseling services.

Counseling and guidance services necessary to implement the IEP may include:

1. Educational counseling in which the pupil is assisted in planning and implementing his or her immediate and long-range educational program.
2. Career counseling in which the pupil is assisted in assessing his or her aptitudes, abilities, and interests in order to make realistic career decisions.
3. Personal counseling in which the pupil is helped to develop his or her ability to function with social and personal responsibility.
4. Counseling and consultation with parents and staff members on learning problems and guidance programs for pupils.

ERMHS

Providers

- LEA's may directly employ mental health professionals to provide related services.
 - Typically credentialed through Office of Consumer Affairs (not CTC).
 - May be supervised by the holder of an Administrative Credential.
- LEA's may contract with community-based mental health professionals to provide related services.
 - Self-employed, employed by a private agency, or employed by a public agency (such as county mental health).
 - In all cases, community-based mental health professional must be supervised in their school-based activities by an individual possessing Pupil Personnel Services (PPS) Credential.

Location of Service Delivery

To allow students to access education and practice ERMHS goals in the educational setting.

It is suggested that the ERMHS services be provided at school during the course of the school day.

Should an IEP Team determine ERMHS services would be provided outside of the school day they must consider:

- Transportation
- What to do when a service is missed
- Have a clear reason documented in the IEP as to why a student would need a service to work on an educational goal—outside of the educational setting

Behavior Intervention Plans

BIS Service is another service that may be included on an IEP for a student with mental health needs. For a student with ERMHS, BIS service is associated directly with the behavior intervention plan and tied to the student's mental health needs.

Behavior Intervention Services:

A systematic implementation of procedures designed to promote lasting, positive changes in the student's behavior resulting in greater access to a variety of community settings, social contacts, public events, and placement in the least restrictive environment.

1. Examine the handouts in the Resource Packet (pg. 37-49).
2. Share your school's plan for identifying and evaluating "Threats" with your Elbow Partner.
3. Identify one strength and one need that you see at your school in relation to this topic.

LRE

And The Continuum of Services

LRE

LEAs are required to provide services, including ERMHS Services and placements based on the principles of Least Restrictive Environment (LRE) on a Continuum of Services.

Least Restrictive Environment (LRE) requires that schools ensure:

- To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and
- Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

LRE

Least Restrictive Environment and the Continuum of Services:

The continuum of alternative placements is the range of potential placements in which a district can implement a student's IEP. The continuum begins with the regular classroom and continues to get more restrictive at each placement on the continuum.

34 CFR 300.115 (a)

Generally, a placement is deemed more restrictive the less it resembles a regular classroom environment. However, children with disabilities must not be placed in separate schools merely because of the availability of placement options, administrative convenience, or institutional barriers to providing related services in regular school settings rather than because of their individual needs.

See Letter to Johnson, (OSERS 1988)

LRE

Least Restrictive Environment

LRE

- General Education
- General Education with Specialized Academic Instruction (SAI)
- General Education with SAI and ERMHS Support
- Special Day Class--Emotional Disturbance focused (SDC-ED)
- Non-Public School (NPS) locally
- Home Instruction
- Residential Facility locally
- Residential Facility in California
- Residential Facility located Out-of-State

Consider moving a student down the continuum of alternative placements only one setting at a time and only as far as is necessary for student to gain Educational Benefit.

LRE Factors to Consider for Students with Mental Health Needs

**Not a comprehensive list:*

Red Flags:

- Odd behaviors not previously seen— emotional, physical, sexual acting out, substance abuse
- Suicidal ideations and attempts
- Student refusing to come to school
- Medications so heavy student cannot learn— always passed out
- Physically aggressive
- Frequent suspensions

Factors to Consider:

- Students grades
- Progress on IEP goals
- Inability to access FAPE in present setting
- Suspensions, removals, expulsions
- Hospitalizations
- Substance abuse
- Home life
- Mental Health/Medical Health
- What services or supports could we put into place to keep the student in their LRE?
- Have we exhausted all supports at this placement?

NPS / Residential Activity V

- Discuss 'red flags' you might see that may make your team consider a more restrictive setting.
- Make a list of factors your school teams examine when determining the need for a more restrictive placement.

NOTE: When considering a more restrictive placement, please contact your SELPA Program Specialist for more details.

NPS/RTC

SEIS Guidance

SEIS Guidance: Educational Setting Page

When a student is moved to an NPS or RTC, the “Educational Setting-Offer of FAPE” page of SEIS must be amended to reflect the following:

School of Attendance: Use the pull down menu to select the name of the Nonpublic School with your LEA’s name in parenthesis, for example:

- NPS (your LEA’s name)
- Guiding Hands NPS (Oak Ridge High School)
- Anova Center for Education NPS (A.B.C Elementary School)
- If you cannot find the correct school in the pull down menu, please call your SELPA Program Technician, who can input this information so you can make the correct selection.

School Type: Select one of the following school types:

70: Nonpublic day school (NPS)

71: Nonpublic residential school—in California (RTC/CA)

72: Nonpublic residential school—outside California (RTC/out of state)

Federal Setting:

- 450 Separate School (for an NPS)
- 460 Residential Facility (for RTC)

School of Residence: Marked NO, include explanation of services being provided at NPS or RTC

% of time students is outside the regular class and extracurricular & nonacademic activities:

- Most likely this will be 100% of the time, with rare exceptions.

% of time student is in regular class & extracurricular & nonacademic activities:

- Most likely this will be 0% of the time, with rare exceptions.

SEIS Guidance: Services Page

When a student is moved to an NPS or RTC, the “Services-Offer of FAPE” page of SEIS must be amended to reflect the following:

- The service options that were considered by the IEP team (List all):
 - Be sure to list all the service options explored and the rationale for why the service was or was not an appropriate setting.
- In selecting LRE, describe the consideration given to any potential harmful effect on the child or on the quality of services that he or she needs:
 - Provide a summary of the team’s considerations
- Supplementary Aids, Services, & other Supports:
 - Review the supplementary aids, services and other supports to reflect what the student needs and will receive in the NPS/RTC.
- Special Education Transportation:
 - Be sure to discuss transportation options and made a team determination. Most students in NPS/RTC settings receive transportation services or their parents are compensated for transporting their child to and from the NPS/RTC daily. If service is offered and declined, be sure to indicate this under transportation.

SEIS Guidance

SEIS Guidance: Services Page

Services:

- Review student's current services and update them to reflect services the student will be getting in the NPS or RTC. This may be amended when these services are finalized.

Amending Services:

- Provider Agency:
 - NPS: 410 Nonpublic school (NPS) under contract with SELPA or district
 - RTC: 410 Nonpublic school (NPS) under contract with SELPA or district
 - For both NPS and RTC the code is the same
- Location:
 - NPS: 810 Nonpublic day school
 - RTC: 820 Nonpublic residential school (in California) or 830 Nonpublic residential school (outside California)

Activity VI

Reflection

- Revisit your original Tier 1-2-3 Framework (pg. 1/Resource Packet).
- Based on today's training write down 3-5 strengths/needs and follow-up activities.

Thank You
