

Decision issues to consider:

- How likely and how deep might revenue reductions be?
- How will the impact of stay-at-home orders and distance learning initiatives impact IEP team placement decisions?
- How will the abrupt closure of school, cancellation of athletics and events, and social separation impact the cost of mental health services to students?
- Could an increased expectation placed on K-12 education around student mental health take the form of an unfunded mandate?
- Other issues?

Recommendation - None
