If interested, contact: cyan@gseis.ucla.edu | 310-882-0537

CYAN

CBT for Youth with Autism & Emotional/Behavioral Needs in Community Care Settings Study at UCLA
(CYAN Study)

Practitioners affiliated with CAPTAIN who are working one on one with students (6-14 years old) with autism and mental health needs are invited to participate in a research study conducted at UCLA.

This research study is a free training opportunity in cognitive-behavioral techniques (CBT) for counselors, social workers, and therapists affiliated with CAPTAIN.

Practitioners who work with students with autism and emotion dysregulation in weekly 1:1 sessions may be eligible to receive expert training in CBT.

Compensation will be up to \$2500. We hope you will collaborate with us on this important effort to share effective practices for children with autism and their families in California.

Please contact cyan@gseis.ucla.edu or (310) 882-0537 for more information.
We look forward to hearing from you!
