INTRODUCTION

Background

The Allocation Plan represents CEO Council decision making, which began when the Charter SELPA was a subset of the El Dorado County Office of Education (EDCOE) SELPA in 2006-07. In 2007-08, the SELPA became a separate state board approved Charter SELPA and overall funding parameters changed. CEO Council discussion and decision making from 2007-08 to the present have further refined the formula.

Core Principles:

- Stability and predictability of funding is critically important
- Timely and accurate projections with no surprises
- Timely and accurate distribution of cash
- Reasonable and consistent rationale developed with a standard of fairness and equitability
- Transparency

Charter SELPA Education Code Funding

Education Code 47644: “For each **charter school** deemed a local educational agency for the purposes of **special education**, an amount equal to the amount computed pursuant to Section 56836.08 for the **special education** local plan area in which the charter school is included shall be apportioned by the Superintendent of Public Instruction pursuant to the local allocation plan developed pursuant to subdivision (i) of Section 56195.7 or Section 56836.05, or both. **If the charter school is a participant in a local plan that only includes other charter schools pursuant to subdivision (f) of Section 56195.1, the amount computed pursuant to Section 56836.11, as adjusted pursuant to the incidence multiplier set forth in Section 56836.155, shall be apportioned by the superintendent for each unit of average daily attendance reported pursuant to subdivision (a) of Section 56836.06.**”

Allocation Plan Elements

1. State Special Education Funding
2. Federal Special Education Funding
3. Rate Protection Pool
4. Partner Definition
5. Charter SELPA Administration
6. Unspent Funds
7. Income Re-Allocation
8. Educationally Related Mental Health Services (ERMHS)
9. Legal Risk Pool
10. Low Incidence Materials and Services
11. Cash Flow

CURRENT YEAR EXECUTIVE SUMMARY

| Allocation Plan Element | | Basis of Funding | Gross Rate | Additional Description |
|---------------------------------|--|--|------------|--|
| 1 | State Funding | Current Year ADA | \$715.00 | 2021-22 P-2 ADA. |
| 2 | Federal Funding | Prior Year Enrollment | \$125.00 | Must have operated in prior year and prior year enrollment count must be trackable to current year CDS code. |
| Total Gross Base Funding | | | \$840.00 | Rate before administrative fee holdback, which is unique to each charter. First-year charters make a one-time contribution of \$5/ADA to the Rate Protection Pool. Continuing charters make a \$2/ADA contribution in 2021-22. |
| 3 | Rate Protection Pool | Reserve for contingencies to protect membership from funding reductions/losses. All Charters in first year of Charter SELPA membership contribute a one-time non-refundable \$5 per current year P-2 ADA. Continuing members contribute \$2 per current year P-2 ADA in 2021-22. | | |
| 4 | Partner Definition | Single Partner - 1 charter in the Charter SELPA Organization Partner = 2 or more charters in the Charter SELPA under one organization (CMO/Non-Profit) | | Year of entry of partner, determines Admin Fee %. |
| 5 | Charter SELPA Administration Fee | Funds SELPA services to Partners; % of total gross base funding. Year 1 = 5.5% Year 2 = 4.5% Year 3 = 3.5% Year 5 = 3.0% | | Reduction in Years 3 & 5 contingent on good standing. |
| 6 | Unspent Funds | If more than 25% of funding is unspent at year end, following year funding will be reimbursement based. Eligibility for federal revenue in following year may be impacted. | | |
| 7 | Income Re-Allocation | Income may be shifted from one charter to another if the umbrella organization has the board/organization authority to re-allocate dollars. | | |
| 8 | Educationally Related Mental Health Services (ERMHS) | Level 2 = annual funding determined by formula. Level 3 = funding determined by budget submission (may include NPS ERMHS services, transportation, and room & board for residential placements). | | |
| 9 | Legal Risk Pool | Due to lack of a consistent funding source, this pool was suspended indefinitely by CEO Council beginning in 2020-21. | | |
| 10 | Low Incidence Funding | Low incidence services & materials reimbursements (\$600 minimum claim) are funded at a minimum of \$1,000 up to a calculated maximum based on available dollars. | | |
| 11 | Cash Flow | Specific policy guidance re: standard SELPA cash flow to charters is found in this section of the Allocation Plan. | | |

1. STATE SPECIAL EDUCATION FUNDING (Last revised October 2020)

Funding Definition

The Charter SELPA receives state special education funding based on the statewide target rate multiplied by current year P-2 ADA. P-2 ADA is defined as cumulative attendance divided by days operated, as of the first school month ending on or before April 15. A Cost of Living Adjustment (COLA) may or may not be provided annually, depending upon legislative budget action.

State Aid - Charter SELPA Funding Formula

The Charter SELPA funds each LEA member based on current year P-2 ADA.

The SELPA is funded on the statewide target rate per ADA. In addition, the SELPA receives a small portion per ADA for SELPA Program Specialist/Regionalized Services (PS/RS rate). Should this funding source ever be rolled into the base rate by legislative action, CEO Council action substantiates that the Charter SELPA continue to treat the PS/RS rate as a separate operational funding stream to the Charter SELPA. These rates are adjusted each year by any COLA applied to the rate.

Charter SELPA administration is responsible for setting the Charter Member Rate each year to account for the budgetary anomalies and maintain a consistent level of funding from year to year. In order to calculate an individual charter's funding rate, the Charter Member Rate is adjusted by the unique charter member administrative fee and for first year charters, the one-time Rate Protection Pool contribution (See Element 3/Rate Protection Pool).

2. FEDERAL SPECIAL EDUCATION FUNDING

Funding Definition

Each year the State of California receives a combination of grants for federal IDEA funds. The state distributes this to SELPAs on a pro-rated formula that is based on:

- a. Historical amount per SELPA from 1999;
- b. Prior year enrollment counts; and
- c. Free and reduced lunch counts.

Federal Funding Charter SELPA Formula (Last revised October 2018)

- a. The Charter SELPA funds eligible LEA members based on prior year student enrollment (Fall 1 count).
- b. New start-up charter members do not receive federal funds in the first year of operation because funding is based on prior year enrollment.
- c. New charter members (not a start-up) may receive federal funds if they existed in the prior year and CDE adjusts the current year Charter SELPA grant for the charter enrollment.
- d. If enrollment for a continuing charter member is not included by CDE in the calculation of the Charter SELPA current year federal grant due to a CDS code change, the charter member remains eligible to receive federal funding in the current year.
- e. The administrative fee (see Element 5/Charter SELPA Administrative Fee) is determined based on total state and federal income per charter member, but the payment itself is considered paid with state dollars.
- f. Inability to fully spend special education dollars may result in ineligibility to receive federal funds in the subsequent school year (see Element 6/Unspent Funds).

Federal Grant Compliance (Added October 2019)

Charter SELPA administration may make a determination to exclude a charter from federal funding eligibility if matters come to their attention that determine compliance requirements of CDE or the federal grant itself may be violated by doing so.

3. RATE PROTECTION POOL (Added October 2020)

Intent

The intent of the Rate Protection Pool is to provide a reserve fund against unforeseen losses to the SELPA that would otherwise cause a reduction in the state or federal funding rate. These losses may involve the action of a partner or an outside agency or other legal authority. It is recognized that, in some cases, a means to recover funds from a partner may no longer exist. However, when a partner is involved, Charter SELPA administration will exercise all due diligence in attempting to recover funds from the partner.

Use of Pool Funds

The Rate Protection Pool is a shared risk pool in place to protect the entire SELPA membership. As such, the only limitation on the size of a single charge to the pool is the available balance in the pool at the time. Regardless, CEO Council approval is required when any individual situation would result in a charge of more than \$250,000. In addition, Charter SELPA administration will report at least annually to CEO Council on the use of funds and the balance available.

Pool Funding (Last revised May 2021)

2019-20 year-end balances in the Set-Aside Risk Pool and the Rate Smoothing Pool were consolidated to originally fund the Rate Protection Pool. Ongoing funding for the pool will consist of a one-time \$5.00/ADA payment from all new charters (including charter school expansions of current Partners), defined by CDS code, in the first year of membership. The \$5.00 payment will be based on P-2 ADA in the first year. This \$5.00/ADA payment is a non-refundable contribution to the shared risk pool.

Other funding sources to the pool include, but are not limited to:

- Positive prior year adjustments for schools no longer with the SELPA.
- Unspent funds where need is not demonstrated in the following year.
- Funding held from Partners that close operations and fail to submit documentation that would allow for release of funds being held.
- Recoveries from Partners/former Partners in excess of the loss.
- Extraordinary payments, positive funding adjustments or recoveries.
- Any other additions to the pool approved by the CEO Council.

Beginning in the 2021-22 fiscal year, in addition to the \$5.00/ADA contribution from new SELPA partners, continuing SELPA partners will contribute a non-refundable \$2.00/ADA based on current year P-2 ADA. CEO Council will reconsider this additional contribution each year at the spring CEO Council meeting. SELPA administration will ensure that this as an agenda item for discussion and potential action.

4. PARTNER DEFINITION (Last revised October 2021)

Intent

In September 2013, the CEO Council created two categories of Partnership: **Single Charter Partner and Organization Partner**. The date of entry of the Partner is used to determine the administrative fee for the Partner’s future expansion.

Charter SELPA Formula

| | |
|-------------------------------|---|
| Single Charter Partner | Charter SELPA LEA member with one school (CDS code) in the Charter SELPA |
| Organization Partner | Organization with multiple Charter SELPA LEA member schools (each with a CDS code). |

An organization is defined as a non-profit with one governing board over multiple charters or an organization that is structured to include one Chief Executive Officer position that has defined responsibilities related to multiple charters. The title of CEO may differ by organization, but the intent is that the “CEO for the umbrella organization” has specific decision-making authority related to the multiple charters in matters involving special education programs and services.

Member charter LEAs within the Organization Partner “network” are afforded the same benefits as those that are available to the Organization Partner. When a Charter SELPA Partner expands with a charter new to the SELPA, the new charter school utilizes the Organization Partner’s date of entry for calculation of the administrative fee. Another example would include, if the Organization Partner is put on a reimbursement basis for funding, all members of the Organization Partner’s network may also be funded through a reimbursement mechanism. To ensure accurate considerations of an Organization Partner’s member charters within their network, each Organization Partner would be asked to identify their member charters annually and the member charter school LEAs would be asked to affirm the relationship.

An Organization Partner would be asked to assist in the event of a member charter school closing and/or causing a financial impact on the Charter SELPA. CEO Policy 27, addressing when a charter within an Organization Partner’s network closes, includes the following language:

“The Organization Partner has certified that funds were spent appropriately for special education and should issues arise at a later date; the Organization Partner will honor any obligations owing by the closing charter.”

In the event where the Organization Partner is not able to mitigate a negative impact on the Charter SELPA caused by a member charter school(s), it is understood that actions would be taken to protect the Charter SELPA, including the Organization Partner may be placed in a reimbursement funding

position. In addition, the administrative fee sliding scale is predicated on a member being in good standing and increasing capacity over time. If a member is not in good standing and has a lower administrative fee based on years of participation in the SELPA, the administrative fee may be recalibrated and returned to a level reflective of a lower capacity and to cover increased costs created by the heightened monitoring required. This adjustment will also take effect when an Organization Partner dissolves their relationships with member charter schools and/or their network, and thus after the dissolution action, the remaining member charter schools are Single Charter Partners within the SELPA.

5. CHARTER SELPA ADMINISTRATIVE FEE (Last revised May 2019)

Intent

In 2006-07, the allocation formula provided for an administrative fee of 10% with the intent that it would reduce over time as the Charter SELPA membership expanded. The formula was substantially revised in 2010- 11 to provide for a first-year differential rate. It was revised again in 2011-12 to provide for a first-year rate of 6%, reducing to 5% in year 2, and the possibility of reducing to 4% in year 3 and beyond if specified criteria were met. The formula was revised again in 2013-14, allowing all charters to be eligible for consideration of the 4% rate in year 5. The formula was again revised for 2019-20 with reductions to the administrative fee rate for all current and new Charter SELPA Partners. These funds, along with funds from the PS/RS rate, are used to cover the operational costs of providing the wide range of SELPA services offered to members, including professional development.

Charter SELPA Formula

A charter’s administrative fee is calculated by multiplying total annual state and federal funding for the charter by the applicable administrative fee percentage for the charter. Prior to distribution of state and federal funding, the applicable administrative fee is withheld. Date of entry for purposes of the administrative fee is based on the date of entry of the **Organization Partner**. For example, if the Organization Partner qualifies for a 3% fee based on five years of membership, the expansion charter would be treated the same and receive the 3% fee.

The fee does not apply to other grant dollars received by the SELPA; however, the SELPA may charge an appropriate indirect rate for specific grants that are administered by the SELPA.

Administrative Fee Schedule

| | |
|------|--|
| 5.5% | Year One Partner |
| 4.5% | Year Two Partner |
| 3.5% | Year Three Partner – successfully completing the first two years with the Charter SELPA and a SELPA member in good standing. |
| 3.0% | Year Five Partner – successfully completing the first four years with the Charter SELPA and a SELPA member in good standing. |

Specified Criteria for Administrative Fee in Year 3 and Year 5:

Member in good standing:

- Meets minimum CEO Council and Steering Committee participation requirements
- Timely submission of program reporting: e.g. IEP reporting, Pupil Count
- Timely submission of financial reports
- Meets Maintenance of Effort requirements
- No significant outstanding program compliance issues

Notification of fee eligibility

By March 1, prior to the start of a fiscal year, Charter SELPA shall notify Partners entering their 3rd year or 5th year if they are deemed to be eligible for the reduced administrative fee for the following fiscal year. Once a Partner receives approval for the administrative fee in accordance with the schedule noted above, the fee continues unless changed by a failure to maintain good standing. Despite subsequent actions, e.g. failure to meet MOE in September, the lower fee will be honored for the entire fiscal year for which it was granted.

Failure to retain membership in good standing for lower administrative fee

By March 1 (if possible), but no later than June 1, prior to the start of a fiscal year, Charter SELPA shall notify Partners if they are no longer in good standing or no longer eligible for the administrative fee rate previously established for the following fiscal year.

Failure to retain membership in good standing – termination from Charter SELPA membership

The Charter SELPA Participation Agreement, Local Plan, Allocation Plan, and Policies outline the responsibilities of Charter SELPA members. As noted above, failure to meet responsibilities can create ineligibility for the lower administrative fee. It should also be noted that failure to meet those responsibilities can result in termination of membership with the Charter SELPA.

6. UNSPENT FUNDS

Intent

The Charter SELPA recognizes that special education funding in California is not sufficient to cover the total costs of special education. On a statewide basis, LEAs pay for approximately 40% of the costs of special education from local sources. There are unique circumstances where an LEA may have unspent funds. A new charter joining the SELPA may not have the level of special education costs experienced by other LEAs. Additionally, some charters by the nature of the students they serve may have special education costs that are below the statewide averages, and their special education student population may be below Charter SELPA averages.

Charter SELPA Formula (Last revised October 2020)

When an LEA has unspent funds **less than 25%** of their special education allocation (allocation as adjusted at year end close by September 30):

- a. All charters with unspent funds must provide budget justification to receive federal funds in the next year.
- b. Charters with unspent funds will be subject to significant budget and program review to determine if they qualify for federal funds in the following year.

Additional factors that may result in ineligibility to receive federal funds:

- Pupil counts less than 4%
- Multiple years of unspent funds
- Fiscal solvency and audit issues
- Leadership issues that cast doubt on the capacity of the charter to be an LEA

A charter may also opt out of federal funds for an unspecified period of time until needs change.

When an LEA has unspent **funds greater than 25%** of their special education allocation (allocation as adjusted at year end close by September 30):

- a. Charters with unspent funds greater than 25% may not be eligible for federal funds in the following year. If need is demonstrated, based on an understanding of the charter's plans and submitted budgets, the Charter SELPA may establish eligibility for federal funding.
- b. A charter with unspent funds greater than 25% unspent will be moved to a reimbursement-based state funding cash flow, with the intent that the charter shall spend the prior year unspent funds first. Charter SELPA shall establish a procedure and process to ensure monthly expenditure reporting by the charter, with timely distribution of cash when the charter has demonstrated eligibility by spending prior year carryover. Monthly cash flow payments would not exceed cash distributions under the monthly cash apportionment process.

7. INCOME REALLOCATION (Last revised May 2020)

Intent

Organization Partners (See Element 4/Partner Definition) may have varying needs among their schools and should be provided the flexibility to re-allocate funds among the entities to better match income to special education expenditures-

Charter SELPA Formula

At the close of the fiscal year, an Organization Partner may reallocate state and federal funds to the LEAs within their authority, if the Organization Partner has the authority within their operational structure to take such action.

EC Section 56836.05(b) provides authority to SELPAs to develop an Allocation Plan at the SELPA governance level, to distribute funds to the LEAs within the SELPA. The Charter SELPA Allocation Plan distributes funds to each charter (CDS code) in the SELPA. However, pursuant to this Allocation Plan rule approved by CEO Council, a provision is made for the local authority of the Organization Partner to re-allocate income among Charter SELPA LEA members.

The final reallocation will occur in the months of August and September following the close of a fiscal year with final reallocation done by October 1. Evidence of board action to establish income reallocation authority is required and documentation must be submitted to the Charter SELPA in a prescribed format that outlines the exact amount of funding moved from one LEA to other LEA(s).

8. EDUCATIONALLY RELATED MENTAL HEALTH SERVICES (ERMHS)

Intent

CEO Council took a series of actions to implement Allocation Plan language to govern eligibility for and the allocation of the ERMHS funding consistent with the AB 114 guidance from CDE and the need to provide a predictable revenue stream to Charter SELPA members.

Along with the Allocation Plan language, the Charter SELPA has developed operational guidelines and budget request forms. Please see the ERMHS Guidelines document available on the Charter SELPA website for complete information.

Charter SELPA Formula (Last revised October 2021)

1. ERMHS Funding Reserve

A specified amount of Charter SELPA ERMHS income will be placed in reserve each year. The reserve is intended to cover a SELPA-wide shortfall in Level 3 first but may be used for Level 2 shortfalls. Starting in 2015- 16, the ending balance reserve may range from 5% to 10%.

2. ERMHS Funding Shortfalls

If there is a Level 3 shortfall, the reserve would be used to cover the shortfall. If the shortfall is greater than the reserve, a pro-rated deficit would be applied to all Level 3 requests based on actual end of year expenditures. If there are funds remaining in Level 3, they may be allocated to fund Level 2, or reserved for the following year Level 3 costs. Conversely if there are funds remaining in Level 2, they shall be used to cover a Level 3 shortfall.

If there is a Level 2 shortfall (and no additional funds remain in the reserve or Level 3), a pro-rated deficit would be applied to all Level 2 requests based on actual end of year expenditures. If there are funds remaining in Level 2, they may be allocated to fund Level 3 or reserved for the following year Level 2 costs.

A shortfall in Level 2 or Level 3 will trigger a review and possible modification by CEO Council of ERMHS Allocation Plan language.

If funding increases beyond the original budget as a result of COLA or other increases, the amount of increase will be considered as part of the May finding of sufficiency. If funding decreases beyond the original budget, the budget allocations for Level 2, and Level 3 will be pro-rated accordingly and communicated to the field immediately so charter schools can plan on reduced levels of funding.

3. ERMHS Extraordinary Cost Pool

The ERMHS Extraordinary Cost Pool (ECP) is NOT currently funded. At such time as the funding formula for mental health is stabilized and reserves are sufficient to “forward fund” for the following year, a recommendation will be brought forward to CEO Council to reinstate funding for the ECP.

4. Other Costs

The Charter SELPA receives funds to administer the ERMHS Allocation Plan, up to the EDCOE approved indirect rate.

5. Description of Level 2 Funding Formula (Last revised May 2021)

The Level 2 formula provides 80% of the lesser of A) \$3,000 (or alternate approved rate) per eligible ERMHS service based on the December 1 count; or B) the charter's budget request.

- a. The lesser amount of the two becomes the maximum budget request. Charters are required to match (co-pay) 20% of the budget request. No facility/rent costs, direct support, or administrative costs are allowable for the 80% reimbursement or 20% match.
- b. There is no guarantee of 80% funding for Level 2 programs. While the formula is intended to provide a predictable funding stream, charter member budget requests submitted in January could still exceed the overall budget. If a shortfall occurs, charter members may be funded less than the 80% reimbursement established in the Allocation Plan.
- c. By September 15 of each year, Charter SELPA administration will make a finding of sufficiency of Level 2 funding based on the following variables:
 - Prior Year ERMHS ending balance
 - Projected current year ADA
 - Projected current year Level 3 projected costs
 - Projected current year Level 2 service counts

Based on these findings, the service level formula amount will be established (minimum rate = \$2,000). If there is a finding of sufficiency of funding, the cost of transportation and/or indirect costs may be included in Level 2 budget requests, subject to any limitations established by the finding of sufficiency.

- d. By November 1 of each year, LEAs wishing to participate in Level 2 funding will submit a written narrative describing their annual plan to deliver services to students eligible for mental health services as defined by AB 114 and Charter SELPA ERMHS guidelines.
- e. Level 2 Service Count Date
 - A count of Level 2 services will be taken on December 1.
 - The count is not cumulative, but a snapshot. If the December 1 service count exceeds projections, Charter SELPA administration may revise the September 15 formula amount: Maximum rate = \$3,000+ and Minimum rate = \$2,000.
- f. Level 2 budget request submission date is January 15 or the first business day after.
- g. Behavior support (service code 535) will be included in the service level formula (and expenditures allowed) under the following criteria:
 - Behavior support plan in place supporting MH service.
 - At least one other mental health service identified.

5.1 - Findings of Sufficiency

By May of each year, the Charter SELPA administration will make a final finding of the sufficiency of mental health funding based on Level 2 and Level 3 budget requests submitted. SELPA administration will use the following factors to manage the budgeted year-end reserve to a range from 5% to 10% of current year revenue.

- The Level 2 per-service amount may be adjusted.
- Reimbursement percentages for Level 2 and Level 3 may be adjusted.

6. Description of Level 3 Funding Formula (Last revised October 2021)

6.1 - Level 3 Budget Amounts

The intent is that Level 3 reimbursements are the highest priority to fund. If Level 3 budget requests exceed funding, the ERMHS reserve and/or other unspent ERMHS funds will be used for the shortfall.

The Level 3 formula provides for three specific Level 3 types of reimbursement.

6.2 - Level 3 Site-Based Structured Therapeutic Program

- a. Costs that may be claimed are restricted to services that are required to be performed by certificated staff. Staff may be contracted through an NPA or hired by the charter. Books and supplies may be claimed.
- b. Eligible students must meet ED eligibility criteria and be identified in SEIS with ED as primary or secondary disability.
- c. Approved program costs are 80% reimbursed, with a required 20% charter match. No facility/rent costs, direct support, administrative costs, or indirect costs are allowable for the 80% reimbursement or 20% match.
- d. A budget request for Level 3 site based structured therapeutic program reimbursement must be filed with the Charter SELPA by November 1.
- e. In order to provide a predictable ERMHS funding stream for all charter members, a site based structured therapeutic program that is established after November 1 may not be guaranteed funding in the current year.

6.3 - Level 3 NPS ERMHS

- a. Costs that may be claimed are the ERMHS for a student in an NPS placement. The educational costs are the responsibility of the charter member and are not reimbursed. The educational costs, however, must be reported and must be, at a minimum, equal to the charter's LCFF per ADA funding amount.
- b. Eligible students must meet ED eligibility criteria and be identified in SEIS with ED as primary or secondary disability.
- c. Approved NPS ERMHS costs are 90% reimbursed, with a required 10% charter match. No facility/rent costs, direct support, or administrative costs are allowable for the 90% reimbursement or 10% match.
- d. Indirect costs would be allowed for NPS ERMHS, consistent with the California School Accounting Manual (CSAM) indirect cost provisions that do now allow for indirect costs to be claimed for contract costs beyond the first \$25,000.

- e. At the start of each year, Charter SELPA shall contact all charters with placements in the prior year to determine the anticipated current year budget amounts.
 - Prior to any new placements, SELPA must be consulted, and a preliminary budget request submitted.
 - Immediately after execution of a contract, a copy of the contract, Individual Service Agreement (ISA), and revised budget request must be submitted to the Charter SELPA. When a placement is discontinued, Charter SELPA shall be notified immediately so the budget may be revised.
 - A budget request for the Level 3 NPS ERMHS reimbursement funding must be filed with the Charter SELPA and submitted within 30 days of contract signing.

6.4 - Level 3 NPS Residential Room and Board

- a. Costs that may be claimed are the residential room and board costs related to a student in an NPS placement. The educational costs are the responsibility of the charter member and are not reimbursed. ERMHS costs for a student may also be claimed (Level 3 NPS ERMHS).
- b. Eligible students must meet ED eligibility criteria and be identified in SEIS with ED as primary or secondary disability.
- c. Approved NPS room and board costs are 100% reimbursed, with no required match. No facility/rent costs, direct support, or administrative costs are allowable for the 100% reimbursement.
- d. Indirect costs would be allowed for NPS residential costs, consistent with CSAM indirect cost provisions that do now allow for indirect costs to be claimed for contract costs beyond the first \$25,000.
- e. Effective October 15, 2021, the maximum daily room and board reimbursement is limited to the current monthly revenue rate for short-term residential therapeutic programs published by the State of California multiplied by 12 then divided by 365.
- f. At the start of each year, Charter SELPA shall contact all charters with placements in the prior year to determine the anticipated current year budget amounts.
 - Prior to any new placements, SELPA must be consulted, and a preliminary budget request submitted.
 - Immediately after execution of a contract, a copy of the contract, ISA, and revised budget request must be submitted to the Charter SELPA. When a placement is discontinued, Charter SELPA shall be notified immediately so the budget may be revised.
 - A budget request for the Level 3 NPS ERMHS reimbursement funding must be filed with the Charter SELPA and submitted within 30 days of contract signing.

7. Description of Level 1 Funding Formula (Added October 2020)

The 2020-21 state budget expanded eligible expenditures for restricted ERMHS funding to address the expectation that students would generally require increased mental health services resulting from the impact of the COVID-19 pandemic. In response, CEO Council authorized a one-year Level 1 allocation of ERMHS state funding for 2020-21 as follows.

- The one-year Level 1 allocation is \$10/ADA, based on prior year ADA (2019-20 P-2 ADA).
- State ERMHS revenue is typically received in three installments throughout the year. The revenue from the one-year allocation shall be distributed to SELPA Partners in a timely fashion once received.
- The ADA component of the one-year funding calculation is fixed and is not adjusted by the state in future attendance certifications.

SELPA administration will include this expenditure in all ERMHS budget reporting. This Level 1 funding allocation is for 2020-21 only and will not be continued in future years without specific CEO Council action.

9. LEGAL RISK POOL (Suspended May 2020)

CEO Council (May 2020) approved suspension of the Legal Risk Pool beginning in 2020-21 and directed that any remaining balance at the end of 2019-20 be directed to the Set-Aside Risk Pool.

~~Intent~~ (Last revised May 2020)

~~CEO Council established a risk pool in 2013-14, with the primary intent to fund legal costs associated with a due process filing.~~

~~Funds in the legal risk pool come from two sources:~~

- ~~1. Modified funding from Charter SELPA Partners who are in the process of building programs and are not yet able to fully expend the allocation of state dollars (greater than 25% unspent).~~
- ~~2. Modified funding from Charter SELPA Partners who close operations and fail to submit documentation that would allow for release of funds being held.~~

~~CEO Council (May 2016) approved a transfer of \$200K to the new Set-Aside Risk Pool and the risk pool balances are now specifically identified as a Legal Risk Pool.~~

~~CEO Council (May 2017) approved a transfer of \$500K to the Rate Smoothing Pool.~~

~~Charter SELPA Formula~~ (Last revised October 2019)

~~Reimbursement parameters from the Legal Risk Pool for legal costs:~~

~~**Eligible Reimbursements:** Attorney costs associated with a due process filing~~

~~**Match Requirement:** 50% charter/50% risk pool~~

~~**Maximum Reimbursement:** Up to \$15,000 (\$30,000 in eligible/approved costs, 50% paid by risk pool)~~

~~Charter SELPA shall provide forms for Charter SELPA members to request reimbursement. Deadlines for submission of claims will be established to ensure adequacy of funds.~~

10. LOW INCIDENCE MATERIALS AND SERVICES (Last revised October 2020)

Intent

Low incidence (LI) funds are available for reimbursing the cost of low incidence services and materials. Annually, the SELPA receives a state-determined rate per student with an LI disability based on the December pupil count report.

Charter SELPA Formula

Charters may apply for low incidence materials and funding based on the following criteria:

General Conditions

- a. Low incidence eligibility per education code definitions.
- b. Charters are advised that funding is dependent upon the SELPA receiving full credit for all low incidence students in the December pupil count.
- c. Verification will take place in February at the first point in the funding certification cycle.

The intent of establishing a minimum level of funding is to provide predictability in funding to member LEAs. In May of each year, SELPA Leadership shall establish the minimum level of funding for the following year based on current trends. The minimum level will be updated the following May when the majority of requests will have been submitted for reimbursement.

1. In early May, SELPA leadership will set the next year minimum level of funding for low incidence reimbursements at or above the current year state low-incidence per-pupil funding rate. The following factors will be taken into account:
 - Current year trend data on reimbursement request submissions.
 - Low incidence funding, which is based on pupil counts and state rates.
 - Any carryover balances of low incidence funding.

CEO Council will be informed of the established level at the spring meeting.

2. A minimum request is \$600. This will direct available funding toward higher-cost materials and services.
3. All requests for funding must be submitted by May 1 to be eligible for reimbursement. Only IEPs agreed to after May 1 will be considered on a case-by-case basis.
4. Final reimbursement is based on end of year expenditure reports, which must be filed by July 13. Reimbursement will not exceed actual cost.
5. By May of each year, a finding will be made regarding the ability to fund beyond the established minimum with the intent of expending all current year revenue and any carryover from previous years.

Funding parameters will be reviewed annually and may be revised for more flexibility if large balances exist or revised with more limited parameters if shortfalls exist.

11. CASH FLOW

Intent

SELPA funding is sent by CDE/State Controller to the Charter SELPA/EDCOE. Charter SELPA in a timely fashion will request that the Administrative Unit (EDCOE) issue electronic payments/warrants to Charter SELPA members. Cash flow policies of the Charter SELPA follow.

Rate Protection Pool Payment Cash-Flow

The one-time \$5 per ADA payment for charters in the first year of SELPA membership is done in two parts: 75% in February (P-1) and 25% in June (P-2).

Cash Flow/Administrative Fee

The administrative fee is a percentage of each charter's total state and federal funding for a fiscal year. Prior to distribution of state and federal funding, the applicable administrative fee is applied and held back (see Element 5/Charter SELPA Administrative Fee). While the fee is calculated on both state and federal funding, the total administrative fee is held back from state cash flow only. The administrative fee is adjusted when federal revenue is updated and at each state certification period (see below) and accounted for in the published cash flow schedules.

State Funding Cash-Flow

For the months of July through January, funding received from CDE is based on prior year P-2. This method of funding means new charters entering the Charter SELPA and/or growth funding will not be received until P-1 certification in February. During the months of July through January, cash-flow to the Charter SELPA members will be based on the CDE apportionment payment schedules and the charter's estimated P-2 ADA, but not to exceed CDE funded data. Any state deferrals applied to the SELPA will be applied to the Charter SELPA members. CDE will not flow cash to the SELPA until the California State Budget has passed. Should there be a delay in funding from CDE due to the state budget, there will be a delay in the cash-flow to the Charter SELPA members.

In February, CDE publishes the P-1 certification and funding for all current year P-1 ADA will begin through CDE's apportionment payment schedule. At that time, each charter's P-1 certified ADA will be updated in the entitlement and cash flow schedules.

In June, CDE publishes the P-2 certification. At that time, CDE will publish final P-2 certification exhibits in June for funding to be received in July. At this time, P-2 ADA will be used. A new entitlement is determined. Cash distribution is adjusted based on any CDE cash-flow deferral schedule.

The Charter SELPA publishes an updated state cash flow schedule for charters in the SELPA after each certification period. Please see these detailed documents on the Charter SELPA website.

Federal Funding Cash-Flow

Cash flow for federal funds varies from year to year based on CDE timelines. El Dorado County Charter SELPA will annually develop a federal cash flow process that results in federal cash distribution to SELPA members in as short a turn-around time as possible.

The Charter SELPA publishes a federal cash flow schedule for charters in the SELPA. Please see these detailed documents on the Charter SELPA website.

State Re-Certification Process

Each February and June for two subsequent fiscal years, CDE will continue to re-certify funding based on any changes to the ADA.

Below is the certification schedule for each fiscal year:

- July Advance Apportionment (based on Prior are P-2 ADA) February – P-1 certification
- June – P-2 certification February – Annual certification
- June – R-1 certification (1st re-certification)
- February – R-2 certification (2nd re-certification)
- June – R-3 certification (3rd re-certification)

As re-certifications occur, funding may change based on any ADA or rate changes. These changes in funding will be allocated 50% in March (after the February annual or R-2 certification) and the balance will be allocated in July (after the June R-1 or R-3 re-certification).
