

## **AT/AAC Guidelines + SLP Updates**

After almost a decade, the SELPA AT/AAC Guidelines have underwent a makeover. In place of the digital handbook, you can now find them live on our charter website through their own link. The link to this webpage can be found here: <https://charterselpa.org/assistive-technology/>.

### **Fall Professional Learning for Speech Language Pathologists**

Did you know that the El Dorado Charter SELPA is an accredited CEU provider with the California Speech-Language Pathology and Audiology & Hearing Aid Dispenser Board? The SELPA provides a wide breadth of trainings from ASHA webinars to certification in Communication Severity Scales (CSS).

Trainings are delivered both in-person and virtually and are free of charge to any Speech Language Pathologist (SLP) employed or in active contract with the SELPA (including NPAs). Attendees can register for trainings three different ways:

**The EDCOE Events and Training Webpage**  
**The El Dorado Charter SELPA SLP Blog**  
**SLP Events Digital Flyer**

For additional information on SLP Professional Learning opportunities, please contact [events@edcoe.org](mailto:events@edcoe.org)
