Heather Edwards represents school districts, county offices of education, special education local plan areas (SELPAs), and charter schools in many aspects of education law. She has extensive experience in the areas of special education, student services, employment, labor relations, charter schools, and issues unique to county offices of education. She is a recognized leader in special education law, and has represented educational agencies at IEP meetings, mediations, due process hearings, state and federal court proceedings, and state and federal complaint procedures.
