

# DYSLEXIA ACADEMY

*Presented by: The Diagnostic Center, Northern California*

*Click on each date to register.*

## Part 1 – Dyslexia Screening 9/14/2023 2:30PM – 4:00 PM

- Learn components of phonological processing
- Learn how to screen a student's phonological processing and early reading skills.
- Learn how their screening data can inform their reading intervention program.
- Learn academic interventions for students at-risk for dyslexia

## Part 2 – Dyslexia Assessment

- Learn the components of phonological processing and orthographic processing.
- Explore formal assessment tools to identify the Specific Learning Disability (SLD) dyslexia.
- Learn through case studies how to use their clinical judgment to decide if the student meets psychoeducational criteria for dyslexia.
- Learn how to talk to families and educational stakeholders about a student with a dyslexic profile.

**DATE COMING SOON**

## Part 3 – Dyslexia Interventions 11/16/2023 2:30PM – 4:00PM

- Learn multi-modal instructional strategies for students with phonological processing deficits.
- Learn instructional support for students with orthographic processing deficits
- Learn technology tools to support reading intervention programs

**Virtual! No Cost! 2:30PM – 4:00PM**

**Dyslexia Academy sessions can be taken individually, or as a sequence. Each individual session will build off information from the previous session.**
