

# Improvement Science Basics 2023-2024

## Audience: Educators and Educational Leaders

Improvement science is a powerful tool for educators seeking to identify areas of improvement, implement evidence-based interventions, and measure progress. This course is designed to provide educators with the knowledge and skills needed to become effective change agents in their classrooms, schools, and districts, and to make a positive impact on student learning and outcomes.

This course consists of three, two-day sessions. Between sessions, teams practice applying their learning with support from SIL improvement facilitators. Organizations should plan to send teams of 2-4 participants that will work on a shared problem of practice. The time commitment between sessions ranges from 5-10 hours.

(Click here for the course description <https://bit.ly/ISBOOverview>)

Registration for the Improvement Science Basics workshop is contingent upon application and acceptance. Please submit one application per team.

### Fall 2023 Cohort

- Session 1** | **Sept. 5-6** | 9am - 3pm
- Session 2** | **Oct. 10-11** | 9am - 3pm
- Session 3** | **Nov. 14-15** | 9am - 3pm
- Session 4** | **Dec. 14** | 1pm - 4pm

*Final Webinar*

### Spring 2024 Cohort

- Session 1** | **Feb. 13-14** | 9am - 3pm
- Session 2** | **Mar. 19-20** | 9am - 3pm
- Session 3** | **Apr. 23-24** | 9am - 3pm
- Session 4** | **May 22** | 1pm - 4pm

*Final Webinar*
