- Updates to Personnel Data Report (Page 2)
- Section I – Background Information (Page 3)
- Section II – Guidance for Reporting (Pages 3–4)
- Section III – Definitions of Section A (Pages 4–6)
- Section IV – Definitions of Section B (Pages 7–11)

Data submissions are to be completed on the following website:

<http://www3.cde.ca.gov/specialeducationpersonnel/logon.aspx>

Data submitted must reflect personnel as of **October 5, 2022**, California Longitudinal Pupil Achievement Data System (CALPADS) census date. This aligns with CALPADS Fall 1 reporting date. All reports must be submitted electronically through the SEPDR website. Please do not email copies of your reports since your data is recorded when the submit button is selected.

Once the submission is completed and verified by an authorized SELPA official, the SELPA Certification page must be generated, signed by an authorized SELPA official and emailed to SEDDataReports@cde.ca.gov by **11:59 p.m. on Friday, June 30, 2023**. In the **subject line** of the certification submission email, include the four-digit SELPA code(s) and SELPA name(s): for example, 7100 California State Special Schools SELPA PDR Certification.

- Certification page in PDF and picture format are acceptable. **Note: SELPA is responsible for certification, and not the LEAs.**
- Questions about the website and how to report should be directed to Special Education Division at SEDDataReports@cde.ca.gov. Include your four-digit SELPA code in subject line and your direct phone number in your email if a call is preferred.

Updates to Personnel Data Report

NEW!! A SELPA Print module has been added to provide SELPAs access to view and print Personnel Data Reports from prior years, and to download these reports as a data table. To access the archived reports, use the link below:

<https://www3.cde.ca.gov/specialeducationpersonnel/selpalogon.aspx>

From EdFacts: Revised age grouping for reporting Teachers and Paraprofessionals are:

- Ages 3–5 is now **Ages 3–5** (not in kindergarten)
- Ages 6–22 is now **Ages 5K–22 (in kindergarten, including transitional kindergarten)**

LEAs reports are due on Friday, June 9, so LEAs, SELPAs, and California of Department of Education (CDE) can coordinate data quality checks. The Amendment Window of June 10–29, 2023 gives an opportunity for SELPAs to review reports with their LEAs and to make any amendments.

The final data submission and SELPA certification are due to the CDE by Friday, June 30, 2023 at 11:59 p.m. Refer to pages 11–12 of the Technical Assistance Guide (TAG) for further details.

The row categories identified with asterisk in last year's data table have been updated and no longer collect data. The shaded rows are noted as Filler, and do not collect data.

Section I – Background Information

Section 618(a)(3) of the Individuals with Disabilities Education Act (IDEA) requires each State to submit data on special education personnel to the Office of Special Education Programs (OSEP). The data collected are reported in the Annual Report to Congress on the Implementation of Individuals with Disabilities Education Act, Part B and C. To access the reports, use the link below.

<https://www2.ed.gov/about/reports/annual/osep/index.html>

This guide is developed for special education local plan areas (SELPA), local educational agencies (LEAs), county offices of education (COEs), and state-operated programs (SOPs) for reporting special education positions by categories using the SEPDR website. **The data collected are used by the California Department of Education to meet the reporting requirements of OSEP.**

For the purpose of the SEPDR, LEAs include school districts, charter schools, and COEs. The SOPs include all participating programs serving students with disabilities (SWD) through various state-operated programs or agencies. For convenience, the CDE uses the terms LEA and SELPA to include the SOPs.

Do not include employees from other agencies such as California Children’s Services and California Department of Health Care Services. Only report the positions providing special education and related services. Do NOT include any general education positions when reporting.

Important Note: All positions are reported by Full-Time Equivalents (FTEs) as it relates to providing special education and related service. Personnel who are employed or contracted to provide related services to SWD (IDEA) ages 3 through 22 regardless of funding source (i.e., Part B IDEA, State, or local), including personnel employed by private agencies. See 34 CFR § 300.156 (a) and (b).

Section II – Guidance for reporting

What is the reporting period of this data?

The census date is **October 5, 2022**, for 2022–23 reporting and it aligns with the CALPADS census date. Report FTEs by Personnel Category in Sections A and B.

How are data reported by FTE?

Report the FTE on only the percentage of time the special education and related services personnel work specifically with students with disabilities (SWD) receiving special education and related services. When reporting the LEA and SELPA data, the data are rounded to the hundredth decimal place. For example, a speech-language

pathologist who works 3 hours per day of a 6-hour school day is counted as 0.50 FTE. An orientation and mobility specialist who works 4 hours per day of a 6-hour school day, is counted as 0.67 FTE. As another example, if an LEA has two audiologists who each work 4 hours per day of a 6-hour school day, the LEA would report 1.33 FTE (rounding the 1.334 to the nearest hundredth decimal place). The FTEs can be reported **up to two decimal places**. Reporting LEAs should have the same number of work hours in a school day as a base and determined by the SELPA.

Who is reporting?

All LEAs will be reporting if they have special education staff or contracted staff. Independently reporting charters (IRC), who are schools of the district for special education purposes, will submit their special education positions to their authorizing LEAs. The authorizing LEA will submit the information for all of their schools, including any IRCs they authorize.

Charter Schools, which are their own LEA for special education purposes, will be reporting separately from their authorizer.

Section V – Website Reporting

Note: To avoid duplicative reporting of FTEs, do NOT aggregate staff counts from LEAs and report it as total aggregate staff as the SELPA.

IRCs, who are schools of the district for special education purposes, will submit their special education positions to their authorizing LEAs. The authorizing LEA will submit the information for all of their schools, including any schools of the district for special education purposes IRCs they authorize.

Charter Schools, which are their own LEA for special education purposes, will be reporting separately from their authorizer.

Note for single LEA SELPAs: FTEs should be reported as the LEA. SELPAs do **NOT** need to report positions if they are applicable to Section A and B. Once the FTEs are reported as the LEA, the SELPA must log on as the SELPA and then submit a blank report to generate the SELPA certification page.

The Special Education Personnel Data Report is required to be reported by LEAs, certified by SELPAs, and are documented and maintained in the SELPA or LEA offices for on-site verification by the CDE or other state and federal agencies. SELPA may collect the reports from their LEAs and enter the data on their behalf. Print or save the submitted report(s) for your records.

PDR for LEAs are due June 9, 2023. The Amendment Window is June 10–29, 2023 are for SELPAs and LEAs to complete their reporting and verify the reports. **The SELPA certification is due to the CDE by 11:59 p.m. on Friday, June 30, 2023.** LEAs are encouraged to submit by June 9, 2023, so the LEA, SELPA and CDE can coordinate data quality checks. This gives an opportunity for SELPAs to review the reports submitted and to make any amendments.

Within the same SELPA, the SELPA and their LEAs can submit the PDR separately using the LEA drop-down list to log on to report. The options to print and edit data after submittal are available until the reporting cycle closes. Entries can be completed and edited during the Amendment Window.

If you need assistance or have questions about how to report, direct your email to Special Education Division at SEDDataReports@cde.ca.gov. Include your four-digit SELPA code in subject line and your direct phone number in your email if a call is preferred.

Viewing and printing all the LEAs reports during the collection and after the collection closes are available ONLY to SELPAs by accessing the new SELPA Print module link below. Additionally, SELPA print guide is available for download

Section VI – Printing Certification Page

Each SELPA will log on as “SELPA” which has a four-digit SELPA code followed by seven zeroes from the LEA drop-down list. The Printing Certification Page guide is available to view and download at the link below:

<https://cde.box.com/s/rddnphqs76t71pt9r14ltwe1i7r8z83w>

- Enter FTEs in the fields (if applicable)
- Scroll to the bottom of the web page and select the “Next” button
- Enter all the fields in Website Data Entry Contact Information section
- Select “Preview” button and review all the entries entered
- Select “Submit” and select “Print Cert Page” button to obtain the Certification Page and select Ctrl+P to print/save the page.

Only the certification page generated by the SELPA log on from the website will be accepted. Please do NOT submit copies of the report or a screen print of the report to the CDE. Each SELPA has the option of reporting its own office staff separately with personnel positions in the SELPA central office only.

Multi-LEA SELPAs have two methods of reporting as determined by each SELPA. Please contact your SELPA office to determine which method is preferred.

- SELPA distributes the TAG, passwords, and the data form table to their LEAs to collect the data and LEA staff enter the data in the SEPDR website. This is the decentralized method.
- The SELPA distributes the TAG, and data form table to collect the data and then SELPA enter the reports on the LEAs behalf. This is the centralized method.

For Single-LEA SELPAs, positions should be reported as the LEA. SELPAs do NOT need to report positions. The single LEA SELPA must log on as the SELPA and then submit a blank report to generate the certification page.

The Printing SELPA Certification Page guide is available for view and download at:

<https://cde.box.com/s/rddnphqs76t71pt9r14ltwe1i7r8z83w>

The completed submission must include at least one SELPA submission and one data submission per active LEA in a SELPA or state operated program (SOP), along with emailing the certification page signed by an authorized SELPA official to SEDDataReports@cde.ca.gov. PDF and picture format of the certification page are acceptable. In the subject line of the certification submission email, include the four-digit SELPA code(s) and SELPA name(s), i.e. 7100 California State Special School SELPA PDR Certification.

Frequently Asked Questions

Q: How do we report when a position is shared and partially funded by two different agencies?

A: A shared position can be reported in FTE by both agencies as long as the position totals to one FTE. The two agencies will need to determine and agree upon what portion of the position to report, thus ensuring the position does not get counted twice. Do not double count the position.

Q: We are a single LEA SELPA, and have reported all our positions in a LEA. Do we need to report the positions again as the SELPA?

A: No, a single LEA SELPA does not need to report the positions again because it would be considered duplicative reporting. SELPA needs to log on as SELPA and submit a blank report in order to generate the Certification Page.

Q: The LEAs in our SELPA have reported and SELPA has submitted the Certification Page to the CDE before the deadline. However, the LEA has subsequently made corrections or resubmitted data after certification. What does the SELPA need to do?

A: The SELPA needs to review changes made by the LEA, print or save a copy for their records. A re-submission made by a LEA or SELPA after certification is only allowable up to the SELPA submission deadline. LEAs are encouraged to coordinate and collaborate with SELPA by reporting before June 9. Certification and re-certification after the deadline of 11:59 p.m. on Friday, June 30, 2023, will be considered as late.

Q: We have many LEAs in our SELPA. How do we collect and report to the Personnel Data Report?

A: There are many methods of collecting and reporting the data. One method is to have SELPA centrally coordinate the data collection by distributing the TAG, and a copy of the form to the LEAs. The LEA completes the data form, and returns it to the SELPA so the data report can be entered by SELPA staff. Only a SELPA can certify to the CDE when all data submissions are complete.

Another option is to have SELPA distribute the TAG and passwords to the LEAs. Each LEA collects and enters the data and SELPA staff coordinates and reviews the data submitted by the LEAs. It is SELPA's responsibility to certify to the CDE when all the data are complete, not the LEAs.

Q: Our LEA considers a school day to be six hours, and another LEA in our SELPA considers a school day to be five hours. What should we use as a base to calculate the FTEs in our LEA?

A: The SELPA office will need to determine how many hours to use for a base for the LEAs in their SELPA. Each LEA should then use that base to calculate the FTEs.

Q: Is a resource specialist a special education teacher?

A: Yes, a resource specialist or education specialist shall provide instruction and services for those pupils whose needs have been identified in an individualized education program developed by the individualized education program team and who are assigned to regular classroom teachers for a majority of a school day. The position is considered as a special education teacher for this report. This information can be found in *EC 56362*.

Q: What is the difference between an interpreter and a translator?

A: An interpreter for special education provides services for deaf or hard of hearing students. Translators provide oral or written translation to non-English languages. References are found at <https://www.classroominterpreting.org/Parents/Law.asp>.

Q: In which category shall a speech-language pathologist assistant (SLPA) with a license be reported?

A: The SLPA can be reported in Row #27 Speech-Language Pathologist as “licensed” in Column A.
